PROFESSIONAL EXPERIENCE

Full Stack Developer

PL Softtech Solutions | July 2026 – Present

- Develop and maintain business-oriented web applications using Java and Spring Boot.
- Implement frontend and backend functionalities to support application requirements.
- Design responsive and user-friendly interfaces using HTML, CSS, JavaScript, React.js, and Bootstrap.
- Develop database-driven features and manage data operations using MySQL.
- Implement authentication, authorization, and role-based application workflows.
- Perform debugging, testing, and application enhancements to improve functionality and reliability.

PROJECTS

Pravin Kitchens & Interiors – Quotation Management System

A web-based application developed to streamline quotation creation, material pricing, and business operations.

- Developed separate Super Admin and Employee modules with role-based access control using Spring Security.
- Implemented secure login and OTP-based email verification.
- Built dynamic quotation workflows with customer details, branches, categories, grades, and material selection.
- Implemented branch-specific material pricing and automated quotation calculations.
- Integrated PDF generation with detailed pricing breakdowns, material specifications, and uploaded images.
- Designed responsive interfaces for desktop, tablet, and mobile devices.

Technologies Used: Java, Spring Boot, Spring Security, Thymeleaf, HTML, CSS, JavaScript, Bootstrap, MySQL.

PROFESSIONAL SUMMARY
